

MORNING APPEAL.

FRIDAY.....MAY 30

FREE COINAGE OR NOT? INC.

Yesterday's Silver Convention declared for free coinage and instructed its representatives in Washington to accept nothing less. There was a minority in the Convention who were willing to accept any bill that that would enhance the price of silver, but the argument of the majority was that by standing pat on the unlimited coinage and accepting nothing less, victory for free coinage would ultimately perch on our banner, while if anything less was accepted, free coinage would never come.

If the other States West of the Missouri river will join solidly with us on this line of battle, the fight will be ours in the next session of Congress if not in this.

These resolutions do not debar our representatives from voting for a joint resolution to have the maximum coinage of four millions a month, said resolutions to take effect immediately.

Riverside is to have its first saloon. A wealthy resident has paid the license fee of \$2,000 and will open up one of the finest establishments in Southern California. He has entered into a bond in \$5,000 not to sell liquor to drunkards or minors, not to establish his place within 100 feet of any public building, to close at 10 o'clock every night and not to keep open on Sundays.

The New York brokers are harvesting many shekels by the fluctuations in silver, and so are their brother Shylocks in London. It is the fattest thing they have bumped against for a long time, and they can afford to spend a lot of money to keep the price of the white metal wobbling.—Lundy Index.

The sentence of guilty for Geo. H. Pell, the New York bank wrecker, means five to ten years at Sing Sing. A few more such convictions, will create a great shortage in the crop of young Napoleons of finance—a crop, by the way, that needs considerable pruning.

The cup of General Boulangers bitterness is now full to the brim. His mistress has deserted him. This is the heaviest blow that a Frenchman can can stagger under and live.

Facts About the Census.
The taking of the census begins on June 2. In cities or towns of 10,000 or more inhabitants the work must be finished within two weeks from the beginning of the work. In the country each voting precinct is a census district, and one man will do the work of that district.

In the city the enumerator will be paid per capita, in the country by the day. The man in the country might ride ten miles to one head.

People everywhere may as well understand at the start that every question asked by the census man must be answered. It is the United States government that asks the question. Moreover, the answers must be the truth and the whole truth. There is a severe penalty for misleading a census enumerator or telling him a lie.

You will give your name, age, sex, birthplace, nationality, color, business, married or unmarried. If you are an alien you will have to tell that. There is no way to evade the census man. He must do his duty and so must the citizen.—Chicago Tribune.

BASE BALL PLAYED OUT.—The Eastern dispatches wire the intelligence that the public has become disgusted with the base ball craze, and the attendance has fallen off so that all acknowledge that the death knell of the game has sounded. The baseball cranks have crawled into their holes and refuse to patronize a game which has so completely fallen into the hands of gamblers and sharpers. Prize fighting and horse racing will soon follow suit if the monkey business at the pool box does not come to a halt.

HAWORTH AS PAUL KAUFMAN.—J. Haworth and his fine company will appear here June 6th in Steele Mackaye's masterpiece, Paul Kaufman. Haworth is looked upon as one of the greatest actors of this generation, and his appearance will create the utmost interest.

The M. E. festival will be held at Odd Fellows' Hall today. Lunch afternoon and evening.

Ice cream and cakes, strawberries and cream today at Tennant's.

Mrs. J. S. Shaw and daughter are stopping at the Hot Springs.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

Sleepless nights, made miserable by that terrible cough Shiloh's Cure is the remedy for you.

OUR business is now so great that if located in New York, Chicago or Philadelphia, and allowing for the difference in population, it would be from three to five times larger than any of the largest stores in those cities. This is a wonderful record, approached by no other store on the Coast and probably by none in the country. It shows on its face that the business must and does present advantages of a most unusual sort.

AS TO SUPERIORITY OF OUR GOODS.—A glance through the pages of our Catalogue will show that we are handling the goods of the best manufacturers in this country and Europe. For many of these makers we are agents. It pays the leading manufacturers to give us the preference because we have the largest outlet for their goods on the Coast. We have many buyers, and get novelties and new fashions as fast as they appear in the markets of the world.

AS TO LOW PRICES.—The size of our trade is proof of the leading position we hold on this point. It is a sort of public verdict. If our goods were not better and prices lower than those of other dealers, we should not have long the largest general retail trade on the Coast. People look to us for low prices; and we cannot afford to disappoint them.

FILLING MAIL ORDERS.—We make the filling of Mail Orders a Science, and have the SPECIAL experience and SPECIAL people necessary for the satisfactory carrying on of this SPECIAL business.

THE EVER-PRESENT QUESTION.—"How can we better serve our customers?" is an ever-present question with us. It keeps us constantly busy studying, devising, experimenting. It allows of no standstill. Month by month, year by year, the business is becoming more and more perfect. We take great pride in having all its countless transactions run smoothly and satisfactorily.
